George:

Although I would like to have   
on our staff, I'm not sure that I want to  
obligate us to permanently hold a position  
for an officer from ODP. Can you provide  
me a little more background on why we should  
be willing to assume such an obligation?  
I'm inclined to say that we will only accept  
 for rotation without any commitment  
for the next rotation.
